

THE CONFIDENCE TO STEP OUT IN STYLE.

HERCULES TIRES
RIDE ON OUR STRENGTH.

Introducing the all new

TOUR 4.0 *plus*

from Hercules Tires.

For those who demand versatile performance and bold style, the Hercules Tour 4.0 Plus combines eye-catching good looks with all-season capabilities. Cross-block siping adds traction in rain or snow and an attractive sidewall means you look great even if the weather doesn't.

For a comprehensive selection of touring products, ride on the brand with strengths that go above and beyond.

TOUR 4.0 PLUS

- Branded with the M+S symbol, the Hercules Tour 4.0 Plus provides all season capability on wet, dry and light snow.
- The asymmetrical tread design provides a smooth and quiet ride while increasing handling characteristics.
- Cross-block siping provides crisp handling in inclement weather for 4.0 seasons of superior handling.
- Silica enhanced compounds provides superior traction in wet without tread life reduction.
- Nylon overwrap enhances the Hercules Tour 4.0 Plus construction by adding uniformity and increasing ride stability.
- The stylish sidewall and asymmetrical tread design provide a premium performance look with all season touring characteristics
